

GREAT MASSACRE IS FEARED AT ST. PETERSBURG

PLAN TO MASSACRE THE JEWS

Black Hundred of St. Petersburg Ready For Bloody Work.

ST. PETERSBURG, Nov. 10.—Stories are being industriously circulated that a regular St. Bartholomew massacre of the Jews and intellectuals has been planned by the "Black Hundred" of St. Petersburg for some time. It is declared that all houses containing Jews are being marked with a red cross. While it is undoubtedly true that the lower classes would like to be let loose, no real danger is anticipated, as the police have received the most rigid instructions to suppress any attempt at an uprising.

Count Witte has ordered a thorough investigation of all the Jewish massacres and other disorders in the interior, where the police, troops and officials are charged either with inciting or with abetting violence, and he is determined to have all the offenders removed and punished.

Genuine alarm has, however, been created by the reports of the contemplated massacre of Jews here tomorrow night, as shown by the fact that members of the American colony, including a number of naturalized Jews, appeared at the Embassy today in a greatly alarmed state to ask advice and protection.

Spencer Eddy, the American Charge d'Affaires, made them a speech, saying that he did not regard an outbreak as possible, but he instructed them all in the event of danger, to seek asylum at the Klenmichal palace in Serge street, in which the Embassy is situated. Should the threatened outbreak occur, Mr. Eddy will demand a military guard for the palace. The other Embassies have been similarly besieged by alarmed foreign residents.

ENGLAND WILL NOT INTERFERE

Declares Russia is Trying to Bring Trouble to an End.

LONDON, Nov. 10.—Foreign Secretary Lansdowne, replying today to an appeal of the executive committee of the Zionist organization of Cologne, asking for British intervention for the prevention of further outrages on the Jews of Russia, telegraphed as follows:

"His Majesty's government greatly deplures the sufferings of your co-religionists and have reason to believe that the Russian government is making every effort to bring this lamentable disorder to an end."

BERKELEY JUSTICE FINES SOLICITOR

BERKELEY, Nov. 10.—Justice Edgar this morning imposed a fine of \$50 on C. Van Antwerp, a solicitor employed by an Oakland grocery firm who had been charged with soliciting orders for liquor within the mile limit of the University. An appeal from the sentence will be taken by the firm for which Van Antwerp worked.

HEARST FIGHTING A GREAT BATTLE

New York Grand Jury Draws up Ten Indictments For Violation of Election Law.

NEW YORK, Nov. 10.—Ten indictments for violations of the election law and two for assaults committed at last Tuesday's election, were drawn up by the Grand Jury today. The jury adjourned until Monday before the indictments had been presented to them for endorsement after being drawn up.

EVIDENCE OF FRAUD.

NEW YORK, Nov. 10.—Evidence of fraud in last Tuesday's election was prepared for the Grand Jury today by both States Attorney General Mayer, and by the law committee, which is conducting William R. Hearst's contest for the Mayoralty election.

The law committee applied for sixteen indictments, and its members said that the names of some prominent politicians were among the indictments requested.

Mr. Mayer announced that the evidence in his possession would justify him in asking for the indictment of several persons, both on charges of violating the election laws, and also for committing assaults at the polling booths on election day. This evidence was prepared by Mr. Mayer working in conjunction with District Attorney Jerome's staff.

Mr. Hearst made public a postal card today signed merely "Truck Driver," which read:

"On Wednesday night five ballot boxes were taken from a boarding stable at 232 Front street."

HEARST'S STATEMENT.

The situation today was described by William R. Hearst as follows:

"The law committee has discovered some very amazing things, and the deeper we go into this thing the uglier it looks. We have evidence against twelve district leaders and I am confident that we shall send two or three of them to prison. I am just as much interested in the criminal prosecution of these cases as I am in the recount. In this case it makes no difference whether I am declared elected or not, in comparison with the greater duty of sending criminals to jail."

"It is for this purpose," Mr. Hearst added, "and to strengthen the evidence against a certain leader that I made the offer of \$10,000 reward today for such evidence. We have at least sufficient evidence to prove the necessity of a recount, and I believe that a recount will show a difference of 20,000 votes in my favor."

Here Mr. Hearst said that many letters had been received by his managers purporting to show that men from Connecticut, Massachusetts and New Jersey had come to New York on election day, and after voting fifteen or more times for the Tammany ticket, for which they received a five dollar note each time, returned to their homes.

Mr. Hearst denied the report that he had retained Joseph H. Choate as his special counsel.

COUNTER CHARGES.

President Voorhis, of the Board of Elections, today said the talk about missing ballot boxes was foolish. The board, he said, knew how many boxes it gave out, and, as far as he knew, all that should have come back have been received. He declared that the story about ballot boxes being found in the river is all false. It was announced at Tammany Hall today that Tammany district captains have secured evidence showing frauds committed by Hearst's supporters on election day. Several leaders said that while a recount might lessen McClellan's vote, the counter-charges of fraud which they intend to bring against the Hearst organization will likewise bring about the lessening of the Hearst vote, and that in this way an equal reduction will be made in the vote, which will not affect the result.

A BIG BET.

An offer was made in Wall Street to bet \$10,000 against \$50,000 that W. R. Hearst would be seated as the next Mayor of New York.

WILL PROSECUTE.

NEW YORK, Nov. 10.—Attorney General Julius Mayer, before leaving his office after midnight this morning,

MRS. MOFFITT DOES THE GENEROUS THING

Will See That Sisters of Frank J. Moffitt Are Given Legacy From Estate.

The efforts of the heirs of the late Senator Frank J. Moffitt to effect a compromise fell through this morning when the petition of the four sisters of the deceased for a partial distribution was taken up in the probate court.

It was the belief of Attorneys J. J. McDonald and T. J. Lyons, who represent the sisters, that Mrs. Augusta L. Moffitt would agree to the distribution of the \$10,000 to the four sisters. It developed, however, that if such a distribution was made Mrs. Moffitt would not be able to receive one-half the estate and \$70,000 as provided by the will. When Judge Ogden asked Mrs. Moffitt what she intended to do in the premises, she replied that she would abide by the construction of the will by the court. The case was therefore continued till Monday, when the attorneys will argue the question of how the will should be construed. Mrs. Moffitt was represented by Allen & Walsh.

The estate is appraised at \$235,468.70, and it was shown that if the widow received one-half the estate and an additional \$70,000 there would not be sufficient to pay the sisters' legacy of \$40,000 and the legacy of the son, Jefferson Moffitt, of \$40,000.

Mrs. Moffitt was recently granted an

RAMONA HOTEL IS BURNED

Guests Make Their Escape in the Early Morning.

SAN LUIS OBISPO, November 10.—The handsome Hotel Ramona has been totally destroyed by a fire which is believed to have started in the kitchen at 2 o'clock this morning. There were 150 guests in the building, most of them being Eastern tourists, but all escaped in safety with their personal effects. The building was a modern frame structure, and though the local fire department did excellent work it was impossible to check the spread of the flames. The loss is estimated at about \$100,000, of which \$15,000 was covered by insurance.

The hotel had attracted considerable tourist travel to this city, and its destruction will be severely felt by the community.

ARRIVES IN SIDNEY AFTER A MOST STORMY VOYAGE.

SAN FRANCISCO, November 10.—The Merchants' Exchange today received a message from Sidney stating that the barkentine Andromeda, had arrived at that port 115 days from Eureka, Cal., with a cargo of lumber. During the voyage stormy weather was experienced and the vessel lost her jib-boom and two topmasts. Reinsurance on her has been quoted at 45 per cent.

NEW CHARTER FOR CITY OF CHICAGO

CHICAGO, Nov. 10.—Mayor Dunne today issued a call for a convention on December 12 to frame a new charter for the city of Chicago. The charter so framed will require the assent of the State Legislature.

REIGN OF TERROR IS AT AN END

SOLDIERS IN THE STREETS OF CRONSTADT.

Soldiers Stop the Rioting in the Streets of Cronstadt--Thieves Are Kept Away From Stores.

CRONSTADT, November 10, Noon.—All is quiet at Cronstadt today. The mutinous sailors have all submitted and the leaders, to the number of several hundred, have been deported from the island. The others are thoroughly repentant. Troops are pouring into the city from all directions by water. Besides machine guns, other street artillery and a battery of quick-firing field guns arrived here on scows from St. Petersburg and were debarked shortly before noon at the steamboat landing.

GUTTED MARKETS

Any further disorders at present is utterly out of the question. The mutineers and rowdies gutted the Tartar and Jew markets and on Pavloff street, near the barracks, the "seventh fort equipage" to which the mutinous crew belonged, destroyed ten modern business blocks and a number of smaller stores. The flames burned themselves out during the night and today the buildings are only heaps of smoking ruins. The fires burned almost a whole day. There was little attempt to check them, as the firemen shared in the general demoralization and many of them became intoxicated.

INFLUX OF TROOPS

The influx of troops at Cronstadt has exceeded the barrack capacity of the war port, and the soldiers are everywhere bivouacking in the streets, huddling about the remnants of last night's watch fires, and bargaining with merchants for fresh bread and other additions to their rations.

SACKED BY RIOTERS

The business streets sacked by the rioters present a lively picture today. There are crowds of spectators on the sidewalks watching the unfortunate owners of burned buildings, who are salvaging their property from the heaps thrown into the streets and from the wrecked interiors of stores. Patrols mingling with all the crowds prevent further robbery.

There was no further disorder during the night. The "Tigers," as the roughs are termed at Cronstadt, wished to renew pillaging during the night under cover of darkness and general disorganization, but were unable to do so. The troops and inhabitants, working in full co-operation, prevented even sporadic attempts at further looting.

ST. PAUL MASS OF FLAMES

Wrecked Steamer is Now Reported to be Burning.

EUREKA, Nov. 10.—What wind and wave failed to accomplish in the destruction of the steamer St. Paul, the steamer which stranded on the Point Gorda rocks early in October, was accomplished last night by fire.

The flames broke out early last night, according to the report made this morning by Captain Iverson of the steamer Pasadena. When the steamer Pasadena passed the St. Paul that vessel was a mass of flames. Smoke and fire were pouring out of her forward and after hold, the cabins were ablaze and the woodwork burning. The sight was pronounced most spectacular by Captain Iverson, who is of the opinion that the fire has entirely destroyed the St. Paul. The origin of the fire is not known, but it is supposed that some one engaged in salvaging the cargo upset a lamp. There still was much of value aboard.

PROBING MURDER MYSTERY

Grand Jury Hears Evidence in the Case of Chorus Girl.

BOSTON, November 10.—The case of Susanna Geary, of Cambridge, the chorus girl, who died here as the result of unlawful medical treatment and whose dismembered body was found in silt cases in Boston harbor, was submitted today to the Grand Jury.

The body will be asked to report indictments against at least four persons, all of whom are now under arrest. They include Louis Crawford and William Howard, who are held in New York as the persons who disposed of the body; Dr. Percy McLeod, a Back Bay physician, who was arrested on the charge of dismembering the body and Morris Nathan, the girl's lover.

Twenty-four persons summoned to testify before the Grand Jury appeared at the court house today, among them being Nathan.

Persian Minister Says His Country is in a Most Deplorable Condition.

WASHINGTON, November 10.—General Mortaza, the Persian Minister, who arrived yesterday, in an interview spoke of the deplorable conditions existing in his country owing to the failure of the crops and the increased price of the necessities of life.

"Our country is most peculiarly and woefully situated just now," said General Mortaza. "and there seems to be no relief in sight. Through a series of disastrous visitations upon our people the Persians are experiencing a famine."

"The steady increase of prices means starvation to many, it will mean misery to countless others, and it is with heavy hearts that we look forward to the suffering of this winter."

"Ordinarily, in times of crop failure the Persians depend upon their next

DIDN'T LIKE HIS WHISKERS

FARMER WHO FELL IN LOVE WITH WAITRESS FOUND GUILTY OF BATTERY.

Richard Trefurth, a farmer, who was suddenly smitten with the charms of Miss Clara Haney, a young waitress employed in a restaurant at the corner of Sixth and Broadway streets, and who attempted to force his caresses on the young lady, was this morning found guilty of battery by Judge Samuel. The defendant will come up for sentence on Monday next.

Miss Haney while on the witness stand stated that Trefurth was under the influence of liquor. He proposed marriage and wished to take her to a kiss with which to bind the contract. Miss Haney said she did not like his whiskers and shoved him away from her. This action angered the amorous customer, and he is alleged to have swung a right hand blow at Miss Haney, catching her in the eye.

The young waitress then fled and a policeman who took the offending farmer to the city prison where two charges, one of drunkenness and one of battery were placed against him.

ROBBERS FAIL TO GET CASH

Blow up Safe But Are Forced to Retreat in Hurry.

MARYSVILLE, November 10.—Safe crackers entered the Farmers' Co-operative Union Bank in Yuba City some time last night and blew off the outside door of the vault, but were frightened away before completing the work by Officer Nye who heard the explosion from a distance and made an investigation, but did not see that the glass was broken from the front door and that the back door were open. The tools for breaking the combination from the door were stolen from an adjacent blacksmith shop, and a crowbar was stolen from the Southern Pacific section house.

The robbers departed through the back door, taking only a revolver that was in a drawer of a desk in the office. The crime was discovered when Cashier C. R. Boyd opened the bank this morning and was immediately reported to Sheriff Wilson and Constable Chism, who are investigating clues. Two strangers who were about town yesterday are suspected of the crime. One man was cut by the glass when entering through the front door, blood stains being left on the sash. The safe inside the vault contained several thousand dollars, but was protected by modern burglar proof mechanisms.

River by the tug Robert White.

"I have not had any such information," Mr. Mayer said.

"Have you been told of the finding of boxes in the North River?" he was asked.

After some hesitation he answered: "Yes, the North River. I have had such information."

At the headquarters of the Municipal ownership League it was announced that two ballot boxes had been found in a tailor shop next door to the old Town Hall. This shop was used as a polling place on election day. The boxes it is said were discovered by Bernard Wawne, a representative of the League who reported that one contained mutilated ballots and the other, supposed to contain ballot stubs, was empty.

GROSS CARELESSNESS.

Charges of gross carelessness in the case of election returns developed yesterday when the official envelope containing the official return and tally sheets for the Seventy-third election district of the Thirty-fifth Assembly District was found in a brass casing

in the cellar of a house in the Bronx. How it got there no one in the house was able to explain.

The tally sheet showed that 26 votes had been cast for William M. Ivins, 99 for Mayor McClellan and 139 for William R. Hearst.

Both Mr. Jerome and Attorney-General Mayer at once began an investigation. Archibald Hessel, a poll clerk, who signed the tally sheet said he sealed the returns and gave them to the chairman of the election board. The latter, when found, said he had turned the returns over to a man named Dawson who was to take them to the proper place. Dawson could not be found last night.

BIG REWARD.

William R. Hearst announces today an additional reward of \$10,000 for evidence for the arrest, conviction and imprisonment of the first Tammany district leader to be convicted of frauds against the ballot in Tuesday's elections.

This is in addition to the other rewards aggregating \$17,000, for proof of crimes against the ballot and registration laws in the election. This makes the total of rewards he has offered \$27,000.

A petition for letters of administration of the estate of Francis J. Jewell who died last March, was made today by Public Administrator George Gray. The estate is valued at \$32,000.

After Mr. Jewell's death, letters of administration were granted to his son, Walter S. Jewell, who died on October 1, necessitating the granting of new letters of administration.

QUALITY, NOT QUANTITY, IN OUR CHILDREN

BOSTON, Nov. 10.—Charity workers in conference at Tremont Temple yesterday listened to a discussion of "Unpaid Boards and Visitors in Public Charity," by Miss Julia C. Lathrop of Hull House, Chicago.

Discussing "Tuberculosis is as a Social Disease," Dr. S. A. Knapp of New York expressed himself as most emphatically opposed to the custom of persons having tuberculosis being allowed to marry and have children. "He thought there ought to be a law to prevent such a union."

"With all due respect to our beloved President," he said, "as a physician and sociologist, I prefer quality and not quantity."

MYSTERY IN THIS CASE

WAS "SWIFTWATER BILL" GATES MARRIED IN THIS CITY YESTERDAY.

A marriage license was yesterday afternoon issued to William C. Gates, aged 38 and Kathryn A. Bardon, aged 13, both of whom gave their residence as Oakland and they were married last evening at the Hotel Metropole by the Rev. Thomas Boyer of the First Christian Church. It is believed by many that the groom was no other than the much-married "Swiftwater Bill," of Klondike fame, but it is merely a conjecture, by similarity of names.

Miss Bardon and Mr. and Mrs. Martel registered at the hotel late yesterday afternoon and when they secured their license proceeded to suit up a minister to marry them. The groom admitted that he had recently been divorced immediately after the ceremony they went to the Sixteenth street station, where they took a train for San Francisco.

At the station "Doc" Canty, the hackman who had driven them there, was told by Matthew F. Fogarty the watchman, that the groom was "Swiftwater Bill."

It is known that Gates was recently divorced at Seattle, and if it was he who took a bride yesterday, the marriage may be invalid. It is said that Gates has been living in San Francisco for several days under the name of Williams.

LEAVES FOR THE EAST

Miss Mary C. Johnstone, daughter of Mr. and Mrs. J. C. Johnstone of Lima, left last evening for an extended visit in the East. She will go first to New Brunswick Canada, and before her return to Oakland will visit the large cities of the Atlantic and Middle States. Many of her relatives reside in Nova Scotia and New Brunswick.

THE DIRELECT.

I was the staunchest of our fleet
Till the sea rose beneath our feet
Unhindered, in hatred past all measure,
Into his pits he stamped my crew,
Buried, blinded, bound and thrown;
Bidding me eyesless wait upon his pleasure.

Man made me, and my will
Is to my maker still,
Whom now the currents con, the rolling steer—
Lifting forlorn to spy
Trailing smoke along the sky.
Falling afraid lest any keel come near

Wrenched as the split athirst,
Wrined, dried, and lipped and burst,
Bone bleached my decks, wind-scoured
to the graining;
And jarred at every roll,
The gear that was my equal
Answers the anguish of my beams' complaining.

For life that crammed me full,
Gangs of the prying gull
That shriek and scabble on the riven
hatches,
For roar that dumbed the gale
My hawse-pipes' glittering wall,
Sobbing my heart out through the un-
counted watches.

Blind in the hot blue ring
Through all my points I swing—
Swing and return to shift the sun
anew.

Blind in my well-known sky
I hear the stars go by
Mocking the prow that can not hold
one true!

White on my wasted path
Wave after wave in wrath
Frets against his fellow warring where
to send me.
Flung forward, heaved aside,
Witness and dazed I bide
The mercy of the comber that shall
end me.

North where the bergs career,
The spray of seas unseen
Smokes round my head and freezes in
the falling;
South where the corals breed,
The footless, floating weed
Folds me and fouls me, strake on
strake up-crawling.

I was clean to run
My race against the sun—
Strength on the deep, am bawd to all
disaster—
Whipped forth by night to meet
My sister's careless feet
And with a kiss betray her to my mas-
ter!

Man made me, and my will
Is to my maker still—
To him and his, our peoples at their
pier!
Lifting in hope to spy
Trailer smoke along the sky;
Falling afraid lest any keel come near!

ROMANTIC NECKLACE STORY.

There is a romantic story attaching to the great rope of pearls worn by the Princess Frederika of Hanover at recent functions. They are magnificent specimens and very old. Centuries ago a Princess of the house loved them so that they were buried with her. But in process of time the great grief of her relatives grew gradually fainter and fainter until they began to whisper what a shame it was that such glorious jewels should be wasted. One day the Princess's tomb was opened and the pearl necklace was taken from her neck. But the pearls were spoiled, they had lost their lustre and beauty. The new owner wept over them and dreamed about them, and her dream told her that three generations of lovely women would have to wear them before their lustre returned. Three lovely Princesses did wear them, and they are now pearls without peers.—Boston Transcript.

COMING FROM EVERYWHERE
Steamers coming from the Orient and trains coming from New York, Chicago, New Orleans and elsewhere are bringing thousands of visitors to Oakland, some to attend the race meet, others to take in the sights of the city and its beautiful surroundings. To all we extend a cheerful welcome. You are respectfully invited to visit Oakland's MOST POPULAR DEPARTMENT STORE, and we will do all we can to make you feel at home with us. These are exhibition days for Millinery, Costumes, Dress Goods and Silks. No Oakland store ever paid so much attention to getting novel and exclusive things. We know it is correct to say that we never had so much to choose from as we have now. We have more suggestion in the goods themselves than you can get in a volume of words, hints and fashion phrases. We have three floors for retailing and three as handsome floors as you will find anywhere, luxurious in their appointments, with every facility for seeing goods as they should be seen. One sixteenth of a mile of Dress Goods and Silk Counters, with as much richness as the Dry Goods world holds today. A showing of Millinery really out of the ordinary, with a fashionably cut and trimmed hat for every taste and the race for the style. A revelation as well in Coats and Costumes, including Gowns worthy of being worn at a prince's ball, and Garments that will not be duplicated within your reach. Three entire floors crowded with such styles as will decorate the boulevards of Paris, London and New York, but with no suggestion of extravagance in price. We make everybody welcome, whether they care to buy or not. We want you to feel that buying is not a necessary passport to the courtesy of this Store.

FASTER FERRY SERVICE
TEN-MINUTE TIME WILL BE MADE BY THE KEY ROUTE.
An announcement has been made to the effect that a ten-minute ferry service will be put on by the Key Route.
Company next year, when the two new boats are built and the Twenty-second street line is constructed. As soon as the new service is started, the Fifty-fifth street line, which has already been built as far as Telegraph avenue, will be extended to Claremont avenue and out to Claremont to College avenue. Although a ten-minute boat service is to be maintained in its route, the electric trolley will run every ten minutes to Berkeley and Oakland, the plan being to alter the schedule of the trolley so that it will be no overcrowding on the boats and the traffic will be handled quickly and easily. An official statement of the company's plans says:
"The construction is contemplated of a cross-town line from Yerba Buena avenue along Louise and Poplar streets to Twenty-second street, then on Twenty-second street across town to Broadway; also the extension of the line on Claremont avenue to College avenue. The Twenty-second street line, which goes to the heart of Oakland, will

carry passengers for one fare to and from the city and will naturally command the business in that part of Oakland. The equipment for these new lines will consist of fifty new cars. The proposed new bond issue will also be applied to the construction of two new ferry-boats, duplicates of the San Francisco, enabling the company to put on the bay a ten-minute service. The power plant will be increased from 500 to 600 horse power. A new ferry slip at the terminus of the mole is being constructed and the auditor there is being enlarged. Concrete piers will be placed under the station at the end of the mole. These improvements will be made out of the proceeds of the bond issue."

UNDER CONTROL.
CRONSTADT, Nov. 10, 8 a. m.—The mutiny here is entirely suppressed. The mutineers who are holding out in the Eastern section of the town have been arrested. The disorderly elements are under control.

AN APPEAL TO HELP THE SUFFERING JEWS
Committee is Named to Take Subscriptions in Oakland—Women to Hold a Meeting.
To the People of California:
AN APPEAL.
The following message received explains itself:
"On behalf of the national committee for the relief of sufferers by Russian massacres, we have the honor to appoint treasurer, we urge you to call a meeting of Jewish community to form branch committee and collect immediate funds. Necessity very great. Conditions appalling."
JACOB H. SCHIFF.
It is needless to explain to the communities of San Francisco and Oakland the nature of the disaster that has befallen the Jews of Russia. By day the newspapers have published the horrible tidings of the wholesale massacre of Russian Jews. Whatever the cause, the fact remains that thousands of people have been ruthlessly butchered, hundreds of homes desolated, innocent women and children outraged, and conditions engendered which call for the resentment and protest of the civilized world, and practically of the millions who in the name of religion preach peace and humanity.
However, this is not the time for argument. Nor is it the time for mass meetings. Nor is there sufficient time for a systematic canvass. There is only time for an outpouring of sympathy. Faras that is the duty to help the sufferers. Widows and orphans, thousands of families rendered homeless and helpless by the cruelties practiced upon them, need the immediate touch of love and compassion. We who are prosperous, free and powerful—we must help at once. At the Jewish community, always able to help itself, stands appealed in the face of this overwhelming calamity. Millions are needed to repair, in part at least, the injuries inflicted by the infuriated mobs. Dozens of Russian cities harbor Jewish communities which were yesterday comfortable and prosperous and are today wholly desolate. In this terrible straits we are appealed to our neighbors. We are certain that San Francisco and Oakland will not let this appeal go unheeded.
All contributions, large or small, may be sent to N. L. Lillenthal, treasurer of the local committee, at the Anglo-Californian Bank.

San Francisco, Nov. 9, 1905.
Delegates from the Jewish synagogues throughout the city and the surrounding towns of the bay were present last night at Temple Emanuel-EI to consider the formulation of an appeal to the Jewish citizens of California for financial aid for the oppressed Jews in Russia. The appeal was issued by the delegates last night and the first response came from Daniel Meyer, who subscribed \$1000, and A. Aronson followed with a gift of \$500. Many others present at the meeting also pledged themselves to give liberal sums.
The principal delegates came from San Francisco and Oakland and the meeting was held under the auspices of the Associated Congregations, which has charge of benevolent and charitable movements throughout the city and the surrounding towns. The chairman of the evening was Jacob Greenbaum. In presenting the appeal to the public the delegates adopted resolutions deploring the conditions in Russia and attributing the outrages upon the Jews principally to the bureaucracy, which is endeavoring to create a diversion of the public mind from its own miserable failures.
OAKLAND DELEGATES.
Rabbi Friedlander, A. Jonas, D. Magnus and George Mosbacher attended the meeting as delegates from Oakland. The meeting was originally called for the purpose of appointing a committee to raise funds to build a monument in New York for the purpose of commemorating the landing of the Jews in America 250 years ago. After the call for this meeting had been made the dispatch given above was received from Jacob Schiff. In consequence the entire tone of the meeting was changed. The Oakland committee to collect funds will consist of George Mosbacher, Hugo Abrahamson, and Frederick Kahn. These gentlemen will circulate a list in this city.

DISPATCH RECEIVED.
NEW YORK, November 9.—Mrs. M. H. Coffee, 763 Fourteenth street—On behalf of National Committee for Relief of Sufferers by Russian Massacres, of which I have been appointed treasurer, we urge you and your association to call a meeting of the Jewish community for the purpose of collecting immediate funds.

Pay no Money
If we DO NOT SUIT you in every detail—quality—cut—design—price and fit—so confident are we of our own ability—such faith we have in human honesty—that we do not compel people to pay before or even when they purchase—we give them their own time to pay—virtually buying goods on trial—see the point?
WHY PROCRASTINATE? If you must "put off" then PUT OFF—the old style, thread-bare garment and be warmly and correctly dressed.
THE ADVANTAGE TO YOU is you do not go without till you have the full amount laid by—but you get the use and actual wear while paying—and the amounts so small that you don't miss them from your "pin money"—Could we do this if we carried trash?

VICTIM OF BOLD FOOTPADS

Fireman is Assaulted by Four Men; One Arrested.

SAN FRANCISCO, Nov. 10.—Andrew Orelio, a fireman, living at 227½ Broadway, was assaulted by four men at 1 o'clock this morning while he was going to his home. At the time he was under the influence of liquor and cannot tell whether he was robbed or not. His cries frightened his assailants away. One of them, Joseph Williams, a tailor living at 4 Kohler place, was captured by Policeman Charles Sheble who happened to be passing on street car.

Oreigo says that he had reached the corner of Powell street and Broadway when four men, who had been standing on the corner, suddenly jumped on him. He went down to the sidewalk at the first blow, but succeeded in shouting for help before they had chance to knock him unconscious. He thinks that one of the men went through his pockets while he was on the sidewalk, but cannot be sure about it.

As the thugs left him, Williams ran up Broadway to Mason, where he crossed the street just in front of the car on which Sheble was seated. The policeman suspected that he was running away from the scene of a crime and called upon him to stop. At the sound of the policeman's voice, Williams quickened his speed, but as he was already out of breath, Sheble had no difficulty in overtaking him.

07 In the meantime Oreigo's cries h
07 attracted a crowd and a number
62 policemen were searching the nei
05 borhood for his assailants. Shek
07 handcuffed his prisoner and turn
07 him over to the other policeman. I

INVESTIGATION OF WESTERN PACIFIC SAYS HUSBAND MEETING IS TYRANT

LAWYER TELLS OF THE FEES HE RECEIVED FROM COMPANY.

NEW YORK, Nov. 10.—William Barnes Sr. of Albany was the first witness before the insurance investigating committee when the sessions were resumed today. Mr. Barnes appeared before the committee at his own request. He testified that he was a lawyer and was superintendent of insurance from January 1, 1890, to January 1, 1897. He identified the vouchers dated July 1, 1901, July 1, 1902, July 1, 1903, and July 1, 1904, each for the sum of \$665.56 for retainers and legal services rendered. The vouchers were given to the New York Life, Equitable Life Assurance Society and Mutual Life Insurance Company, associated in several measures of legislation.

For the Equitable he had written several opinions for the president and vice president respecting the constitutionality of that company as provided in the original charter. The sum of each voucher from the Equitable was a third of the entire sum of money received for the services to the three companies. Vouchers of the Mutual Life, dated June 28, 1901, June 28, 1902, and June 28, 1903, were given \$665.56. They represented the Mutual Life Insurance Company's share in the payment of Mr. Barnes' services.

Mr. Barnes said he received \$1000 from the Mutual Life for special services September 1, 1905. This was given for a letter he wrote for the company protesting against the repeal of section 65 of the insurance laws. This letter was presented to the three companies. Mr. Barnes said at much length his reasons for opposing the repeal of section 65 of the insurance laws. His main point of opposition was the inadvisability of allowing a policyholder, without the consent of the company, to bring suit involving the company or appointing a receiver or asking for an accounting.

President John R. Hegeman of the Metropolitan Life Insurance Company, who was a witness again today, said that his company had made but two campaign contributions and they were in 1895 when \$1000 was given to the Palmer and Buckner Gold Democrat managers and \$7500 to the Republican National Committee. The contributions were made, he said, with the approval of the finance board, and were more a moral than a political move to assist in defeating the "16 to 1" heresy.

TRIBUTE IS PAID TO ROOSEVELT

WASHINGTON, Nov. 10.—The tribute paid to President Roosevelt in London yesterday in connection with the Lord Mayor's parade has directed attention here to a suggestion emanating from J. Selwyn Taft, local representative of the International Banking Corporation, that the triumph of the President as a peace-maker be perpetuated by the erection in the capital city of a magnificent "Roosevelt temple of peace." The author of this project feels that there will be no difficulty in raising by public subscription a fund sufficient to erect a structure in every respect worthy of the triumph at Portsmouth. The suggestion is that there be erected a building of heroic proportions to be used for conventions and meetings of national character, to be of rich design, with ornamentation of the highest order, and perhaps, symbolical of the success of President Roosevelt in lightening the bonds of brotherhood between the North and South.

TEMPORARY ALIMONY IS GIVEN WOMAN

Judge Ellsworth today fixed the temporary alimony of Margaret Smith, who is suing Jacob Smith, a hackman, for divorce on the ground of cruelty, at \$15 a month. Mrs. Smith alleged that her husband forced her to sleep in a barn on their wedding night and that she submitted to such treatment to avoid a quarrel. She alleged that he had a number of hacks and horses and \$1000 in bank, and asked for \$40 a month. In reply Smith testified that his former wife, once, secured a divorce and most of his property three years ago, and that he had little left. He is 61 years old and says he is unable to do hard work. Mrs. Smith is 45 years old. They were married August 5 of this year.

AGED WOMAN DIES FROM HER INJURIES

Mrs. Bridget Parsons, the aged woman who was struck by the 2:30 o'clock narrow gauge train at Second and Webster streets Wednesday afternoon, died at the Revere hospital last night. At the time the accident happened Mrs. Parsons was crossing the track and did not hear the train approaching. She was hurled to one side, breaking her right leg and fracturing her skull. She had resided at 552 Webster street and leaves two sons, John and James Parsons. The remains have been removed to the morgue.

BOARD TO ISSUE BONDS MORTGAGE BONDS.

SAN FRANCISCO, November 10.—The Western Pacific stockholders, through proxies, met in this city yesterday afternoon to authorize the board of directors to issue second mortgage bonds to the amount of \$25,000,000. Fifty millions of first mortgage bonds have already been sold. The latter may be sufficient to build the proposed railway from San Francisco and Salt Lake. If not, then the second mortgage bonds will be made use of. A resolution was adopted that the board of directors should have the second mortgage bonds will have to be called upon. Authority to issue them has been taken as a matter of good faith towards the buyers of the first mortgage bonds.

The Utah Construction Company, which has the contract to build the new road between Ogden, this State, and Salt Lake, is engaged in the work of laying a pipe line for a distance of over forty miles to be used for piping water from springs in the mountains near the Great Salt Lake to grading headquarters in the Great American Desert. Heretofore water has been hauled by teams and caused much delay. The Utah Construction Company has purchased six new light locomotives and a lot of steam shovels. Its grading work west from Salt Lake will be light for about forty miles, and the latter will have but few curves. The route from Salt Lake follows an almost direct line over the flat to the southern edge of the Great Salt Lake, and then skirts the southwestern edge of the lake to a point where the Western Pacific railway crosses. The road will be located leading to the desert.

Governor John Sparks of Nevada has been given a \$1,500,000 contract to supply food for the Utah Construction Company's forces during the next three years. These forces will number by next spring 20,000 men.

PUT IN CHARGE OF RUSSIAN AFFAIRS

ST. PETERSBURG, Nov. 10.—M. Potkoff, the Russian Minister at Peking, has been charged by his government to conduct the negotiations with China arising from the peace treaty signed at Portsmouth. The questions cover the future of Manchuria, Russian leases of the railroad, and all matters to which the assent of China is required by the treaty. The Russian Minister is Baron Kozura, who is now at Peking in charge of the Japanese side of the negotiations. He will seek to sell the railroad below Kuan-cheng Tsai, except the Liaotung branch. China has agreed to give up the Japanese proposition to raise the Tokio legation to the rank of an embassy.

LOVE AFFAIR IS CAUSE OF TROUBLE

LEAVENWORTH, Kan., Nov. 10.—Advices received at Fort Leavenworth today from the Philippines state that the court-martial proceedings in the case of First Lieutenant Sidney S. Burbank, Sixth Infantry, have been concluded and that the papers which have been forwarded to Washington recommend his dismissal from the service. Lieutenant Burbank was charged with conduct unbecoming an officer, the charge being based on his conduct toward Concepcion Vasquez, a Filipino woman whom the Philippine courts recently decided was Burbank's legal wife.

HOLDERS OF BILLS ARE PROTECTED

ST. PETERSBURG, Nov. 10.—An imperial ukase has been issued designed to protect the rights of holders of bills who are unable to present them for protest on the day when they are due on account of the interruption of communication caused by the railroad strike. Under the ukase bills of exchange maturing subsequently to October 20 can be protested after the dates on which they are due, such bills retaining their full legal force and carrying interest from the day of maturity.

ALL OF THE POWERS HAVE ACCEPTED

ST. PETERSBURG, Nov. 10.—Practically all the powers have now accepted the invitation of Emperor Nicholas to be represented at the second peace conference, and the program which Russia will submit for consideration of the delegates at The Hague is being elaborated at the Foreign Office. The date of the conference has been tentatively fixed for May next.

PROBATE MATTERS.

Helen Swett, of the Society for the Prevention of Cruelty to Children, today applied for letters of guardianship on the person and estate of Marguerite Davis, the eight-months-old daughter of Orson E. and May Davis. The father has consented to the adoption and the petition sets forth that the mother is not a fit person to have the custody of the child.

MRS. INA ENLOW IS GRANTED A DIVORCE BY COURT.

Forced to work in a fuse factory from early morning till late at night, and being disturbed when she returned home by the tyranny of her husband, Mrs. Ina Enlow finally had to leave her home and begin suit for divorce. An interlocutory decree of divorce was granted to her by Superior Judge Melvin today and she was allowed to resume her maiden name of Ina Knight.

According to the evidence Mrs. Enlow married Ernest Enlow at Asawatomie, Kas., June 29, 1908. It was not long afterward that he became voluntarily idle and profligate and failed to provide her with the common necessities of life. She was forced to work in a fuse factory from 7:30 in the morning until 5 o'clock in the evening to supply the household with food. When she returned home in the evening she was subjected to all sorts of abuse and she testified that her husband cursed her, used vile language toward her and refused to allow her to sleep at night, although she was worn out by her days of hard work. She was finally forced to leave her husband last February and began suit for divorce, an interlocutory decree of which was granted today.

CASE CONTINUED.

Marcus Causee, charged with battery on his sister, Lizzie Causee, had his case continued this morning for a month. Causee has been on probation a month already. If his conduct continues to be good the case will be dropped.

PUBLIC LECTURES ARE GIVEN

TOWN COUNCIL OF ST. PETERSBURG TAKES LEAD IN POLITICAL EDUCATION.

ST. PETERSBURG, Nov. 10.—The town council of St. Petersburg is taking the lead in the political education agitation of the masses by inaugurating a series of public lectures at which the new order of things is explained to the people. The object of the meeting is to allay the hostility between the various classes by showing the benefit accruing to all from the grant of liberties. This example will be followed by Moscow and other cities.

Word reaches Count Witte that in some regions the reactionaries who are seeking to make the new regime odious are spreading reports among the peasants in the country and the lower classes of the cities that the imperial manifesto is a forgery issued by a camarilla of revolutionists of which Count Witte is the head and who hold the Emperor prisoner in the palace.

Such stories circulated among the ignorant peasants are apt to prove almost as dangerous now as they did when the peasantry rose to support Pugatcheff who, claiming to be Peter III, called on the people to overthrow Catherine II.

The clergy throughout the country, under instructions from the holy synod, are doing all in their power to counteract the effect of such pernicious reports by explaining to the people in the churches the real meaning of the reforms.

It takes brains to get through the world—also to go round on the outside.

EXPERT'S COMMENT ON SANITARY BUTTER

INTERESTING ARTICLE IN DAIRY AND PRODUCE REVIEW.

The following article from the current issue of the journal recognized as standard authority on pure butter-making is exceedingly opportune:

"Over in Oakland there is a creamery, probably the only one in the State, that uses distilled water for washing and working their butter. Now we have no date set as to whether this dairy in actual practice—do not know to just what extent they are compelled to go to make distilled water, but we don't believe the cost is very high. At any rate, the principle of the thing is so good that we want to call every butter-maker's attention to it."

"When they wash the butter and work it in distilled water they are proceeding on good sanitary and scientific principles. Too many creameries go to the trouble of destroying the bacteria in the cream and then turn around and introduce a whole lot of others through the wash water. But the use of distilled water is sure to be absolutely pure and there need be no fear of contaminating an otherwise good piece of butter."

It is but justice to the enterprise and cautious measures adopted by Mr. Geo. B. M. Gray of the celebrated Royal Creamery in the Produce Exchange, to say that the article has specific reference to his plan of operation. This important innovation in the sanitary making of good butter will be appreciated by the extensive patronage that creamery enjoys."

Within two years the business of the Royal Creamery has grown to immense proportions, and it now has six branches, one in Berkeley, one at Twenty-third avenue and three in Oakland. It may be interesting to know that a ton and a half of butter are made daily under the most sanitary and scientific methods.

ALICE NIELSEN IS "ROASTED" BY PRESS

NEW YORK, Nov. 10.—Alice Nielsen, former comic opera singer, who for some time has been preparing herself abroad for grand opera and whose press agent has in the meantime been serving her faithfully, returned to the Broadway yesterday afternoon and gave a performance of "Don Pasquale" in the Casino Theatre.

The New York morning paper critics incline to believe Nielsen in grand opera will neither entirely captivate New York nor be soiled strongly by Conried to join the Metropolitan company. Her performance is handled with most gentleness by the Herald, which says:

Other papers roast her, her company and the "student" orchestra. "The World" speaks of the execrably inadequate performance of the opera, and adds:

"Nielsen's voice is shrill in its upper register, and she does little to shade it in volume or tone."

The Sun says: "Nielsen's voice was pallid and not smooth, and her Italian had a wide openness that must have made the audience feel that she was not an adorer of pure Tuscan."

According to the Times, "her voice is a clean, light soprano, though it is not of great purity of quality."

The Tribune speaks of Nielsen as "still a novice in much that goes to make up style in bel canto," and adds: "The atmosphere she carried into the opera was more foreign to it than her style of singing, and that is saying much."

FREE LIBRARY TRUSTEES
SALARIES WERE RAISED BY THE BOARD LAST EVENING.

The Board of Trustees of the Free Library met last night for the completion of unfinished business left over from the meeting of the Tuesday before. Twenty members in attendance were Wallace M. Alexander, William H. Gordill and James A. Morrow.

The principal part of the meeting was devoted to approving the higher salaries. Librarian Charles S. Greene will receive, starting from yesterday, \$170 per month. His old salary was \$30. Assistant Librarian Mrs. Caroline K. Lawrence had her salary increased from \$65 to \$75 per month. Miss Jennie M. Panton, catalogue, will receive \$15 from now on. She has been getting \$10. The two curators of the children's reading room, Miss Florence E. Brown and Miss Harriet Taylor, had their salaries increased from \$15 to \$20. Miss Edith Hibbard, curator of the Central reading room, had her salary increased to \$15 per month.

The library committee, consisting of Messrs. Correll Morrow and Edward R. Hilsen, last night approved of \$500 worth of new books, about 300 books in all. These are mostly the re-binding of old books and many children's books recommended in school reading. There are also many new books, among them Jack London's "Tales of the Fish Patrol" and Edith Wharton's "House of Mirth," of which there are six copies of each.

Among some of the principal books approved are "The Opening of Thibault" by Paul Ivoi, "Science and a Future Life" by James Hyslop, "How to Collect Books" by J. H. Slater, "American Diplomacy" by J. Bassett Moore, "Appreciation of Pictures," Russian Studies and "Russia Described by Great Writers," in four volumes, edited by Esther Singleton.

OLD AGE BROUGHT NO INFIRMITIES

To "The Autocrat of the Breakfast Table."

Oliver Wendell Holmes, after eighty years of life had rolled over his head, declared that he was "eighty years young." "So may every man and woman in Oakland," said Mr. Specht, of the Owl Drug Co., "if they will take proper care of themselves, keep built up and their bodily tissues from wasting."

We wish we could persuade every person in this vicinity who "feels old," whether they are in years or not, to take Vinol. It is by far the greatest tissue builder and invigorator we know of for old people. Vinol is not a patent medicine, but simply contains the body-building, strength-creating properties of cod liver oil actually taken from fresh cods' livers, and we guarantee that it will repair worn tissues, check the natural decline and replace weakness with strength.

There are hundreds of old people in this vicinity who need just such a strength-maker and tissue-builder as Vinol. Their blood is thin, sluggish and watery, but we guarantee that Vinol will enrich and quicken it, whether they are in years or not, to take Vinol. It is by far the greatest tissue builder and invigorator we know of for old people. Vinol is not a patent medicine, but simply contains the body-building, strength-creating properties of cod liver oil actually taken from fresh cods' livers, and we guarantee that it will repair worn tissues, check the natural decline and replace weakness with strength.

For preventing Chills, Colds, Grippe, Pneumonia or Malaria it is unequalled. Try a bottle.

SAY! DO YOU CONTEMPLATE COMMITTING SUICIDE?

Every One Who Has a Desire, Tell Your Troubles to the "Anti" Commission.

CHICAGO, Nov. 10.—A dispatch to the Tribune from Cleveland, Ohio, says: Mayor Tom Johnson, alarmed at the official report that there have been 68 suicides in Cleveland in the last nine months, has taken steps to check the carnal of self-destruction.

He has appointed a commission, whose duty it will be to attempt to dissuade would-be suicides from taking their own lives.

The commission is made of Director of Charities Cooley, W. A. Greenlund, a member of the Charity Bureau, and State Senator-elect F. C. Evans.

Every man or woman in Cleveland who is contemplating suicide is invited to write a letter to the Anti-Suicide Commission and tell their troubles.

The members of the commission will then make an effort to remove the trouble.

For people despondent from non-employment the commission endeavors to obtain employment while the needs and wants of others seeking aid are looked after.

All three men are experienced in such work, and their labors so far have proved satisfactory.

GOVERNMENT TREASURY AT CRONSTADT IS IN DANGER.

ST. PETERSBURG, Nov. 10.—During the rioting at Cronstadt the government treasury there, which was surrounded by a deep moat, filled with water, was only saved from the mob of mutineers and rowdies by the removal of the bridges.

"Sailors aided by a mob commenced rioting there and several houses were set on fire and shops were robbed. The situation remains critical."

LOOKING TOWARD THE GOVERNOR'S CHAIR

What the Politicians Are Talking About--Some Gossip About the County Fight.

(From S F Examiner, Nov 10)
 Since the political landslide of Tuesday, the men who do politics all the time have begun to look toward the future with a renewed interest. They wonder more and more what effect the Union Labor victory will have upon the gubernatorial contest of next year.

There have been frequent suggestions that Mayor Schmitz should be for the Republican nomination for Governor. He always has declared himself a Republican in State and National politics. There has been a motion that Abe Ruef would at least put him forward as a candidate if for no other purpose than to secure through him a majority of the delegates from San Francisco. There seems no further doubt that with Schmitz as a gubernatorial attraction, Ruef could secure far more than half of the delegates from this city.

With those delegates as a nucleus Ruef might rally delegations here and there throughout the State particularly from places where the Union Labor sentiment is strong until he had made the Schmitz candidacy quite formidable. But, on the other hand, if he saw that Schmitz could not secure the nomination he might be able to transfer his San Francisco delegates to J. O. (Black) Hives of San Jose, who always has been friendly with Ruef, and who was his candidate for Governor three years ago.

Mr. Hayes accompanied by his brother congressman E. A. Hayes, was in town yesterday, and there was a good deal of comment that he had arrived upon the scene at an opportune time to do a little politics. He declared, however, that his visit was solely for purposes of business, and when asked about the Governorship he said that all he wished to declare was that he was not a candidate. He would not even say that he was in the hands of his friends. Still it is taken for granted by all the politicians that he would be entirely willing to accept the honor, and with his large fortune to back him, he would make a lively campaign.

"A TRADING DELEGATION."

With more than half of San Francisco delegates and the delegations from Santa Clara and San Mateo, Mr. Hayes would go into the contest with

a compact fighting force which very probably could be used as a "trading delegation." The politicians are well aware how formidable such a fighting force would be in the next year's convention.

Postmaster Arthur G. Fisk says that he is by no means put out of the gubernatorial race by the defeat of Partridge. He said yesterday that he would go right ahead as he has been doing, and that he was certain he could secure a large share of San Francisco's delegation. Beyond that he expressed the belief that the country districts looked with favor upon the stand he took in favor of Partridge and reform, and that he very naturally will secure enthusiastic support from many directions.

Of course Governor George C. Pardee will be a candidate for re-election and this brings up the interesting question of whether Pardee can put out of politics his old enemy Supreme Court Justice Frederick W. Henshaw. Henshaw and Pardee have fought many political battles in Alameda county. Victor H. Metcalf, secretary of Commerce and Labor, always has stood with Henshaw, and the two make a combination in Pardee's home county that always must be reckoned with.

Now just Henshaw, if he wishes to continue on the bench, must come up for renomination next summer at the same time that Governor Pardee makes his try for a re-nomination. Henshaw has been somewhat uncertain whether he would again seek the place on the Supreme Bench as he is understood to have accumulated a competency in the cement business. But in speaking to some of his friends recently, he said that he did not propose to let Pardee put him out of the running and that he would give the Governor a battle for the Alameda county delegation.

MELVIN IS CONSIDERED.

In this declaration, Henshaw is reported to have put in one qualifying clause, that is, that he would not seek a renomination if Superior Judge Harry S. Melvin of Yuba county would take up the fight for the place and contest with Pardee for the delegation from the county across the bay. The politicians say that Melvin has

not yet made up his mind whether he will go into the fight or not. He does not like Governor Pardee, who turned him down when he asked for an appointment to the Appellate Court, giving the place to Judge Sam Hall. He was backed by ex-Senator Guy C. Earl. At the same time State Senator Russ Lukens fell out with Pardee and he has made common cause against the Governor with Judge Melvin. Congressman Knowland always has stood with Metcalf against Pardee, and now State Senator William C. Ralston has taken up his home at Fruitvale and has joined the opponents of the Governor. What with Henshaw, Metcalf, Melvin, Knowland, Lukens, Ralston and the old influence of George W. Read and Emil Nusbaum, league together, the combination against the Governor in his own county is a very imposing one.

Evidently the Governor is well aware of his danger. His appointment of Deputy District Attorney Harris to the Superior Court bench strengthened him in the Forty-sixth Assembly district where he hitherto has been weak. Now he has appointed Senator Mattos on the Board of Trustees of the Agnews Asylum and this further strengthens him in the county outside of the big cities, for Mattos is very strong with the Portuguese vote, which is large in his portion of the county. The appointment of Assemblyman W. H. Waste to the Superior bench has also strengthened the Governor in Berkeley, and now Guy Earl, his political manager, is going about telling the present county office-holders that Pardee has no intention of disturbing them in their office if they will stand in and help him secure the county delegation.

As the politicians take it for granted that if Henshaw does not get the Alameda county delegation he can hardly hope for the re-nomination it can be seen that the fight in Pardee's home county is apt to be a very lively one, in case Henshaw decides to go in for a renomination or in case Judge Melvin takes up the burden of getting that nomination for himself.

SOUTHERN PACIFIC PLANS NEW ROAD

MEXICO CITY, Nov. 10.—Authoritative announcement is made that the plans of E. H. Harriman and his associates for extending the Southern Pacific system in Mexico includes the building of the Guaymas branch of that road across all of Mexico to the port of Vera Cruz. A conclusion for the building of an extension from Guaymas to Guadalupe, a distance of nearly 1000 miles was obtained by Harriman a few months ago, and construction work is now in progress on that line.

An application for a second concession for a road from Guadalupe to Vera Cruz passing through this city, will soon be made to the Federal Government by Harriman's personal representatives.

WOMAN WANTS MONEY

VERA HOWARD OF BERKELEY COMES FORWARD WITH HER CLAIM.

SAN FRANCISCO, Nov. 10.—Further complications as to the estate of Milton Franklin Andrews, alias William Brush who killed himself and his paramour Nulda Petre Oliva, in a McAllister street lodging-house San Francisco rather than submit to arrest and trial came to light yesterday with the arrival of Vera Howard of Berkeley, Cal., in Berkeley. She asks that she be allowed a share of the proceeds of the personal property left by the guilty couple when they decamped from Berkeley, having her claim on account of money loaned.

Andrews imposed on me as he did on the majority of people," said Mrs. Howard today. "During the month of September, 1904, he borrowed \$210 from me and gave me notes covering the amount which called for payment on demand."

"I admit that I was infatuated with the man at the time and had I been possessed of more ready money at the time it is possible that I would have allowed him to get it."

In October, she disappeared, and I turned the account over to the Mercantile Adjustment Company of Colorado Springs for settlement. They wrote me several times, but you can imagine my surprise when I learned shortly before Christmas that he was suspected of having killed a woman with whom he was living."

She announced her intention of securing an interview with Coroner Leland and securing permission to view the bodies of her faithless admirer and his paramour.

OLD FASHIONED FARE.

Hot Biscuits, Griddle-Cakes, Pies and Puddings.

The food that made the fathers strong is sometimes used for the children under the new conditions that our changing civilization is constantly bringing in. One of Mr. Bryan's neighbors in the great State of Nebraska writes:

"I was raised in the South, where hot biscuits, griddle-cakes, pies and puddings are eaten at almost every meal and by the time I located in Nebraska I found myself a sufferer from indigestion and its attendant ills—dizziness and pains after meals, an almost constant headache, dull, heavy sleepiness by day and sleeplessness at night, loss of flesh, impaired memory, etc. etc."

"I was rapidly becoming incapacitated for business, when a valued friend suggested a change in my diet, the abandonment of heavy, rich stuff and the use of Grape-Nuts food. I followed the good advice and shall always be thankful that I did so."

"Whatever may be the experience of others, the beneficial effects of the change were apparent in my case almost immediately. My stomach, which had rejected other food for so long, took to Grape-Nuts most kindly, in a day or two my headache was gone, I began to sleep healthfully and before a week was out the scales showed that my lost weight was coming back. My memory was restored with the renewed vigor that I felt in body and mind. For three years now Grape-Nuts food has kept me in prime condition, and I propose to shall for the rest of my days."

"And by the way, my 24 year old baby is as fond of Grape-Nuts as I am, always insists on having it. It keeps her as healthy and hearty as they make them." Name given by Postum Co., Battle Creek, Mich. There's a reason.

Read the little book, "The Road to Wellville" in page.

James Mesgher, who conducts the lodging-house at 745 McAllister street, where Milton Franklin Andrews the murderer of Bessie Bouton, killed Nulda Oliva and then shot himself a few days ago, appears as a claimant against the estate of the murderer. He wants \$50 as damages for the "messing up" of his house by the tragedy.

A. D. 1865 in the matter of the estate of Elizabeth Ann Kennedy McNeill, sometimes known as and called Elizabeth A. K. McNeill, also E. A. K. McNeill, and also E. A. K. McNeill, deceased, the undersigned, Executor of the Last Will and Testament of said deceased, will sell at private sale, to the highest bidder, for cash gold coin of the United States, subject to confirmation by the said Superior Court, on or after Monday, the twenty-seventh day of November, A. D. 1905, at the office of the said Superior Court, Room 257 Broadway, in the City of Oakland, County of Alameda, State of California,

"HALF MOON BAY BROPHY" SAYS:

that Halfmoon Bay is today attracting more attention than any or all other real estate propositions in this section of the country. Men of large means, as well as the salaried man, looking for a home, are rushing into Halfmoon Bay; over 500 lots sold there in the last 60 days. Never before has the public been given an opportunity to buy lots in a town with a future so absolutely assured at such prices as are now being asked in the Brophy tract at Halfmoon Bay.

The Ocean Shore Electric Co. is pushing the work on the new road to completion as rapidly as possible. Three large forces of men, teams, steam shovels, etc. are working at as many different points on the line. Fifty large commodious cars are now being constructed and will be running over the new road by June 1st, 1906, giving a 15-minute service between Halfmoon Bay and San Francisco. Then you will pay \$600 and \$700 for lots that you can buy now for \$300.

A Beautiful Sandy Beach, Perfect Climate, Sheltered from Fog and Wind, Mountain Spring Water, Rapid Transportation. An Ideal Spot for a Home.

I offer you today large lots 50x150 fronting on broad avenues. A marine view from every one at prices ranging from \$200 up to \$500, terms if desired. Call on me or write and arrange to go down on one of our excursions.

People who keep abreast of the times realize these things and the number of lots sold indicates that they are not letting this opportunity pass.

Every day you meet people who tell you that two years ago they could have bought a certain lot in this or that place for \$500, now worth \$5,000, but they didn't buy; the other fellow did, and the only difference in their stories is that one could, and the other did. (There is a greater difference in their bank accounts.) A year hence there will be thousands of people telling these same stories about Halfmoon Bay and what they did or could have done in the Brophy tract. Which one will you tell?

Come in and talk it over with me. Maybe I can help you to decide. Anyway I can tell you all about Halfmoon Bay. I was the first real estate man in there after R. R. Co. was assured and had my choice of all the land for sale, and I bought up all of the best land near the station and have absolutely the best location in Halfmoon Bay.

AMERICAN AND BRITISH TARS IN PRIZE FIGHT

Sailors Will Box Before Royalty For the Welter-Weight Title of the Navy.

NEW YORK, Nov. 10.—Rear Admiral Prince Louis of Battenberg was early about his ship this morning and gave the chief of staff some final directions about the ball which he will give on board the Drake on Tuesday night. Shortly after 9 o'clock the Drake weighed anchor and started down stream, again receiving salutes from passing craft. The Drake was warped into pier sixty-two of the United line at Gansevoort market, where she will lie during the remainder of the British squadron's visit here. Workmen were soon aboard putting together the portable ball-room. The chief athletic instructor of the Drake announced today that during the afternoon's stay here there would be a pugilistic contest between Salter Kirby, champion welter-weight of the English navy, and Salter Collins, champion welter-weight of the United States navy. Kirby is a member of the crew of the Bedford and Collins of the crew of the Hecarion.

The bout will be for a purse of \$100 and a cup offered by Prince Louis. The cup is now held by Salter Cockayne, champion heavy-weight of the English navy, who won it at Halifax in a contest with another sailor of the English navy, the cup originally having been a national prize. It will hereafter be an international offering and will be contested for annually. Efforts are being made to have the contest take place here if possible, and the sailors of both squadrons are enthusiastic over it. Before the shipmen sail away from New York there will also be a series of Jewish races in the lower bay, in which the contestants will be Englishmen only. The contests will be over a ten-mile course.

GUEST OF GRANT.

Prince Louis will go to Governor's Island today, where he will be the guest of Brigadier General Grant, commander of the department of the East, at luncheon, to which the flag and commanding officers of the two squadrons have been invited.

After the luncheon the party will repair to the navy yard, where the prince will be the guest of Rear Admiral Coghlan, commander of the New York Navy Yard, at a large reception, which will keep the prince busy until it is time for him to return to the Drake and change his uniform to attend the dinner to be given him tonight by the Naval Academy Alumni Association. The other guests at this dinner will include 253 officers of the British and American squadrons.

DEPORTED RETURNED.

James Foley and James Burke, two deserters from the United States Navy, were sent to Mare Island by Chief of Police Hodgkins today. Policeman Murray had charged the two prisoners. They were first thought to have been connected with the safe robbery at Olson's store.

OMAHA, Neb., November 10.—Official announcement was made today of the appointment, effective at once, of Russell L. Huntley to be acting chief engineer of the Union Pacific Railroad, succeeding J. B. Berry, resigned.

COURT TO JUDGE WEDS BERKELEY RUSSIANS VISIT CRIMINAL CASES

BOTH REPUBLICANS AND DEMOCRATS CLAIM A VICTORY.

COLUMBUS, Ohio, November 10.—It is believed today that the official count alone will determine which party has elected the minor state officials. Returns early today at Republican headquarters and Democratic headquarters only add to the confusion. Both sides continue to claim the election of minor state officials. Incomplete but corrected returns received by the Dispatch today seem to indicate that the Republican State ticket is elected and that Patterson has a plurality of about 45,000.

The Democrats still claim both house and Senate. The Republicans say the Senate will be Republican, 16 to 3, and the house Republican, 61 to 59 Democratic, and Independent. In a number of counties contests will undoubtedly be made.

CRIMINAL CASES

HERRAFTER JUDGE HARRIS WILL HEAR MATTERS ON MONDAYS.

When the appeals of John Lawlor, who was sentenced for battery by Police Judge Samuels, was called in court superior Court this morning, Judge Harris, who has charge of the criminal department, stated that hereafter all criminal matters would be heard Mondays instead of Fridays. The hearing of Lawlor's appeal, therefore, went over till next Monday.

Lawlor was fined \$50, with the alternative of spending twenty-five days in jail by Police Judge Samuels for battery upon Mrs. Honora Irwin. He is a married man and while away at sea there was trouble between the Lawlor and Irwin families, who live near the select Claremont Country Club. When Lawlor returned, he decided to straighten out the difficulty, and went to the Irwin home for Mr. Irwin or his son, stating it is alleged, that he was going to thrash them. Mrs. Irwin told him that neither were at home. Lawlor started to depart, and Mrs. Irwin followed him with the intention of closing the gate after him. Then it is alleged Lawlor struck her in the mouth and she was confined to her bed for two days.

which Rev. C. R. Brown presides, ran afloat of Hecarion Detective McCready, Telegraph Avenue last night with the result that the man of cloth was arrested on a charge of violating the bicycle ordinance. This morning Rev. Mowbray did not appear in court to contest the case, but allowed the \$3 he deposited for his liberty to slide into the coffers of the city treasury without protest. There was a dozen others who also enriched the city. All of these were victims of McCready. Their names were: L. G. Lindgren, Constance Heath, Christian Lucas, C. A. Kerkpatrick, C. D. Davis, Fred Medley, Frank Thompson, Perry Alley, Hermann Mlencke, George Brady and Theodore Meyer.

HEAVY SHIPMENT OF STOCKTON SPUDS

STOCKTON, November 10.—The biggest shipment of potatoes that ever went East from California left today over the Santa Fe route. It consisted of a solid train of thirty-five cars, containing 9450 sacks of potatoes, the aggregate weight being 1,184,000 pounds. Their destination is Texas, Arkansas and other Missouri River points. The shipment is valued at over \$7000 and breaks all previous records.

THEORIES ABOUT FOOD

Also a Few Facts on the Same Subject.

We hear much nowadays about health foods and hygienic living, about vegetarianism, and many other fads along the same line.

Restaurants may be found in the larger cities where no meat, pastry or coffee is served and the food cranks in his glory, and arguments and theories galore advanced to prove that meat was never intended for human stomach, and almost make us believe that our sturdy ancestors, who lived four-score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind, from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

As compared with grains and vegetable, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables or grains.

Dr. Julius Remmer, on this subject, says: "Nervous persons, people run down in health and of low vitality should eat meat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets, because they supply the pepsin and diastase necessary to perfect digestion, and every form of indigestion will be overcome by their use.

That large class of people who come under the head of nervous dyspeptics should not plenty of meat and insure its proper digestion by the daily use of a safe, harmless digestive medicine like Stuart's Dyspepsia Tablets, composed of the natural digestive principles, pepsin, diastase, fruit acids and salts, which actually perform the work of digestion. Cheap cathartic medicines, masquerading under the name of dyspepsia cures, are useless for indigestion, as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food, and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is endorsed by the medical profession and known to contain active digestive principles.

FLAMING MR. M'DUFF FLARES UP IN COURT

A. C. McDuff adorned with a flaming red necktie and with whiskers to match appeared in Police Judge Samuels' court this morning to answer a charge of drunkenness. His appearance was, however, a little tardy as court had adjourned and his bail had been forfeited.

"Where is my \$5," inquired McDuff of Bailiff Tobin.

"The city has it," replied Tobin.

"I can't stand for the like of that," said McDuff.

You will have to, as the Court is adjourned," replied the bailiff.

What was called out as you did not answer the Judge ordered your bail forfeited.

What right have you to call me a drunkard? I was not here!" demanded McDuff. "I will appeal the case."

With this Mr. McDuff left in search of Judge Samuels.

INSTITUTE DANCE TAKES PLACE TONIGHT

The Young Men's Institute ball, which takes place this evening in Maple Hall, promises to be one of the social treats of the season. The members of the institute have worked diligently in the sale of tickets, which insures a large number of dancers to fill the spacious hall. The committee has arranged every detail so that nothing stands in the way of its excellent last year's ball, which was a great success.

John J. Burke will be floor director and Dan Crowley as assistant. The floor committee consists of Dr. Paul Reddy, Dr. George Donnelly, Joseph Brenner, W. J. Hennessy, Lloyd Sterling and Leo Cuddy. The reception committee is composed of Hugh McGilvery, Ed Long, Tom Joyce, J. H. Long, Joseph Coughlin and Dr. J. M. Kane.

POCKET PICKED

B. A. Bonesteel, residing at 855 Castro street, reported to the police today that his pocket had been picked yesterday in the Bacon block and that he was a loser to the extent of a gold watch valued at \$25. The victim does not remember having come in contact with any of the light fingered gentry but is positive that the watch was taken from his pocket by some sneak thief.

BASEBALL YACHTING BOXING RACING

RACING SEASON OPENS TOMORROW

The long expected racing season begins at the local track tomorrow and continues at that track and Ingleside for a period of 150 days. The past month has seemed a long one to trainers and owners at present at Oakland owing to the short season in the Middle West and the abrupt ending of the Portland meeting. No trainer should have any excuse for his horses not being up to a race, as the weather has been grand for the past six weeks. As a matter of fact, more horses will be ready to face the barrier the first week of the meeting than in any previous year. It is also safe to prognosticate that the class of horses entered for tomorrow will be the best for a first day in the history of the California Jockey Club.

The opening handicap at a mile is naturally attracting the most attention, as the race will be for \$2000 added. The field promises to be a big one and will come from the following named horses:

Blue Eyes, High Chancellor, Bragg, Proper, Divina, Good Cheer, Rightful, Sea Air, Geographical, Celeros, Beau Ormonde, Branthorpe, Bombardier, Judge, Corn Blossom, San Nicholas, Letcia, Souffriere, Salable and possibly Epicura. Four promises to be the favorite and the son of Prestopians will be piloted by Knapp, who was one of the riding sensations in the East this year.

The recent shipment from New York to Los Angeles consisted of eighty-two horses, of which Blute brought twenty-three head. Twelve came along for Angorah, seventeen for M. H. Tichenor and five for F. T. Van Meter.

Barney Schreiber reached San Francisco from St. Louis yesterday and at once paid the local track a visit, where he has a big string of horses. Schreiber has been a frequent visitor here in the past, missing last season for the first time in over ten years. Schreiber will campaign the biggest stable in California ever operated by one man. It is estimated that over sixty horses will carry his colors here, at Ingleside and Ascot Park. The reason that Schreiber has shipped so many horses out in due to the racing situation in the Middle West. In all likelihood Schreiber will leave many of his string in California at the close of the racing season, as he has a big crop of thoroughbreds at his breeding farm near St. Louis.

Fred Owen arrived on the Overland last night with Jockey Greenfield. The latter expects to make 100 pounds after the opening day. Greenfield should do very well out here, especially under the management of Owen, who is well acquainted with owners.

It is reported that the Portland Club will operate a big book here this season. Harve Dale, Billy Ayers and H. Solomon are the principal backers of the Portland Club.

Among the horses already domiciled at Ascot Park are Samuel H. Harris, Workman, Parique, Handzara, Dalway, Rustling Silk and Waterside.

Early Wright is training Bologna, Little Mithril and Komomo for Parker, besides four belonging to J. Grant Lyman.

Frank Jones reached here last night from the East.

20-ROUND BOXING FOR NEW YORKERS

NEW YORK, Nov. 10.—Twenty-round boxing exhibitions will soon be within reach of New Yorkers, says the World. The chances are that before the end of December, at least one round match will be brought off within easy access of Broadway.

The new power in the boxing world is incorporated in the State of Pennsylvania under the title of the Tuxedo Park Association.

It has a capital of \$100,000 and one

thousand acres of land in Delaware county, Pennsylvania, just beyond the city limits of Philadelphia. The manager is William M. Roca.

Mr. Roca, who was in New York to make final arrangements with the architect of the new club house, said: "It is certain that we can hold twenty-round contests in Delaware county without breaking the law."

"We hope to bring out Terry McGovern and Young Corbett as our first pair."

FITZGERALD IS MADE FAVORITE

Boxing will be resumed at Colma tonight, when Willie Fitzgerald and Fred Landers will box thirty rounds for light-weight supremacy. Both men have trained hard for the battle and should put up a stirring bout. Fitzgerald has worked out at Col's for the past three weeks and Landers has trained at Mallett's under the direction of Harry Foley.

It is acknowledged that Fitz is a tough customer in the ring and has a terrific windup. Fitz and Landers will weigh in at 5 o'clock tonight at Corbett's. They have signed for 100 pounds or forfeit \$500. Eddie Grady, the honest blacksmith, will referee the contest. Fitz being a favorite by reason of the heavy waging of the race track contingent which looks upon the Eastern lightweight with favor. The bout will be Fitz's second fight in San Francisco. It will be remembered that he stood off Britt for twenty rounds, despite a broken right hand. Landers has won numerous battles and is very popular with ring-goers.

UMPIRE GIVES PITCHER DUEL FOURTEEN INNINGS

Umpire McCarthy gave the game to Seattle yesterday afternoon when it happened in the third inning, as follows: Vickers had reached first on Mobler's boot of his grounder; Wheeler had erred on Bennett's sacrifice; each man had advanced a base on Kane's infield out. Blankenship then hit to Wheeler, who returned the ball to the pitcher, Wilson. Wheeler then at least three feet on the leeward side of home. Umpire McCarthy was looking toward first base, expecting the usual play at the initial sack, and he did not see what actually happened at the plate. He accordingly permitted to allow the out. Result: Blankenship was credited with a base hit in the official score, and Seattle got a run.

LOS ANGELES, November 10.—In a fourteen-pitchers' battle between Tozer and Keefe, and one of the best exhibitions of baseball ever seen on the local diamond, Los Angeles won from Tacoma yesterday by scoring a single run in the last half of the final inning. The pitching of both men was superb. Keefe allowed but five hits in the first six innings, while the visitors got none off Tozer, but they were so well scattered that there were no hopes of runs. All of the hits made were singles. The defense of both sides was perfect, with the exception of one wild throw to first by Keefe, which resulted in a batter reaching second base, but in no way affecting the score. Spectacular plays, running catches and perfect throws were too numerous to take account of. The game was a dangerous only in the second inning, when Smith's brilliant stop for the third out short their expectations. The locals threatened to score in the fifth, but Cravette was ripped at the plate by a fake throw to second, resulting in the third out.

GEORGE BROWN VS. GEORGE HERBERTS

GEORGE BROWN.

Next Wednesday night, November 15, George Brown, the local welterweight, will box twenty rounds with Tim McGrath's hard-hitting welterweight, George Herberts, before the Miners' Athletic Club at Grass Valley.

Brown has been boxing for the past three years, but in the last six months has shown more improvement than ever before. George won several amateur fights at the West Oakland Club with ease. He then entered the professional class and had a few fights at the Regence Club, winning all but one, in which he was defeated by Rubo Smith of Denver. Brown was by no means in

good condition that night, having been sick and unable to train up to within two days of the contest. His last two fights with Warren Zubrick and Joe Thomas have stamped him a game, aggressive man and it will be with the greatest of interest that the local sports will watch the outcome of the fight in the mountain city.

WILLIE BRITT DOES HIS SPEIL

NEW YORK, Nov. 9.—Willie Britt blew into town the other day from Boston to see Jimmy Corbett, who is also a recent arrival in our midst, and it begins to look as if these two fight magnates will arrange some real doings in the ring business. They got their heads together yesterday afternoon and the pugilistic weather vane began to veer around in the direction of a return match between Brother Jimmy and Battling Nelson.

"We're just talking things over," said Willie, "and can't say just exactly yet what's coming off."

"But I will say this, however: Battling Nelson's got to fight Jimmy again. That's all there is to it. Nolan can talk all he wants to, but he and Nelson both said that my brother was entitled to the first match and they can't very well go back on that."

"Nolan says he won't sign anybody by mail, does he? Well, you just show me a wire and I'll get on a train pretty quick, I tell you. And we are not squeamish about the terms of division. We'll fight for the winner to take all and hang the loser, and Jimmy'll throw in one or two of the flats to boot."

WILLIE WILL LEAVE PICTURES.

"I'm pretty busy with those pictures—and, by the way, they're doing fine in Boston—but I'll leave 'em any minute to sign up a match with Nelson, and I expect to do it pretty soon, too."

"There's a \$50,000 house waiting for Jimmy and Nelson out in California and the sooner they get it the better. After we get through with the Dane we'll take on Young Corbett and the others. We both think mighty well of Corbett. He has shown up remarkably in these fights lately. I think it's a mistake to think a man can get rid of a lot of fat all at once. Corbett has made a great showing, and if he beats this fellow Russell in Philadelphia, he'll be pretty close to his old form. He told me he was going to his home in Denver and work hard for some months. If he sticks to this he can go out to the coast and get almost anything he wants, as he's mighty popular out there. A fight between him and Jimmy would draw like everything."

SULLIVAN SAYS RECORD IS WRONG

Mike (Twin) Sullivan, who is to meet Jimmy Gardner before the Hayes Valley Club on the 24th, is one of the few boxers before the public that has never had a decision given against him.

crowd in attendance. Gardner insisted that the rounds be cut to five, and the men went the limit, and the referee made it a draw.

A book of records published by Tom Andrews, of Milwaukee, gives Jimmy Gardner credit for having won a decision over the scrappy twin in five rounds, but Sullivan produces newspaper clippings which show this contest was declared a draw.

Sullivan is doing plenty of hard work for his coming contest. His training quarters at San Rafael are visited each afternoon by the sports who want to get a line on the tall Cambridge boxer who gave Joe Gans such a merry time of it at Baltimore not long ago.

The bout in question took place in Boston, and was to have been a fifteen-round affair, but owing to the small

crowd in attendance, Gardner insisted that the rounds be cut to five, and the men went the limit, and the referee made it a draw.

BAT NELSON TO WED? READ THIS AND THEN THIS

CINCINNATI, O., Nov. 10.—Battling Nelson yesterday, for the first time, announced that he was engaged to be married. The fair one who captured Battling's heart and who is in time to share his fortune is Miss Marguerite Ballanger of Fairfax, Cal. She is only sixteen and Nelson wanted to marry her at once, but has agreed to wait.

FAIRFAX, Nov. 10.—Marguerite Ballanger is the just-sweet-sixteen daughter of Louis Ballanger, who is the man behind the bottles at La Boheme Inn, one of those little places of refreshment which have made this town famous (Marine county) famous. The sixteen-year-old girl is the daughter of a family not to the size of her father's family. One peer into her pretty face, one flash of her dancing eye, or even part of a smile from her ruby red lips would be enough to make any young man think of taking to himself a bride, and if the champion of all the lightweights and the conqueror of Jimmy Britt wins this fair daughter he sure will have drawn a capital prize.

"I've met others who have taken my fancy for a day or so, but never one whose picture lived in my heart ever since I met her, like Marguerite," said Nelson. "She is just the right girl for me, and she's going to have everything money can buy her when I quit the ring and we settle down in a home in will build for her in Hegewisch."

She, however, says an engagement does not exist until told about the report from Cincinnati she said:

"There is only one point of difference between Nelson and Nolan, his manager, and that is this very question of marriage."

"Just look at the history of all married men in the ring," said Nolan; "they didn't last."

GARDNER CLAIMS CHAMPIONSHIP

Jimmy Gardner, who is training at Alameda for a meeting with Mike Sullivan, believes he is fully entitled to welter-weight championship honors. He bases his claim on the victory over Buddy Ryan at Colma recently and as Ryan was looked upon as the welter-weight champion among all white boxers, there is no reason why Jimmy should not be entitled to the championship.

night of the 24th. As both could perhaps box as light as 135 pounds, if called upon to do so, and this being the case, should Sullivan prove victorious, he will cart away with him what right Gardner has upon the welterweight title.

While Gardner and Sullivan are to box at catch weights, it is pretty generally known that both will be well within the welter weight, which is 142 pounds, ringside, when they face each other in the ring at Woodward's on the

Since Joe Walcott has been out of the game, Buddy Ryan has been hailed the country over as the champion among the welterweights. Gardner has defeated Ryan for the title. It looks very much that the battle between Sullivan and Gardner would carry with it a shade more than the mere purse money and the winner should be justly entitled to the honors perhaps more than any boxer now posing as the welterweight champion.

HOPKINS SENT IN TOO LATE

It seemed at the outset that it was Oakland's day yesterday. After two innings had passed without fatalities the Computers ripped off four safeties in the third, and, aided by an error or two, brought five men around the circuit. Just then the Websters loosened up a trifle, and with five clean bingles they tied the score. But while the Oaks stood for a time after their assem the visitors kept right on going, and scored twice in the fifth and once in the sixth. By this time Graham and Hogan had been bumped sufficiently, so Van Halten sent Hopkins in to twirl. Had he done it sooner the end would have been another story, for Hopkins held his opponents safe all the way, allowing not a single hit, and while he was baddening the Oregonians the men behind him scored two runs, which were not quite enough. It's the largest retail shoe business in the world and rapidly doubling its own best record. Good, plain, simple business reason for it: We actually do sell six-dollar shoes (and better) at the wholesale price. And it isn't just the price of the shoes that counts but the style that's built into them; for 29 of the Regal stores are located in the New York City district where up-to-date style counts first of all. Regal shoes are made up in quarter sizes right through the entire line—Regals and no others. Regals are built to last. We guarantee them to equal in wear any shoe made, regardless of name or price. Regals hold their shape. The same honest hand-workmanship that gives them their made-to-order appearance molds them into a form which they keep until the shoes are worn out.

"CO-EDS" WHO CHEAT ARE DROPPED

Professor Summarily Punishes Maidens Who Are Not Honorable in Their Actions at College.

BERKELEY, November 10.—Anouncement was made yesterday by Professor Torrey that two University "co-eds" alleged to be guilty of cheating at examinations have been dropped by Professor Harry B. Torrey from his class. The circumstance was made the occasion of a startling sermon by the instructor upon the low grade of honor apparently prevailing among certain sections of the student body. For thirty minutes Professor Torrey held the attention of his class while he described the manner in which the guilt of the two offending "co-eds" had been determined and the consequences of such actions, both in and out of the University.

Professor Torrey did not give the names of the girls who have been directed to absent themselves from his class. There are only about six members of the class, however, and it is supposed that by the process of elimination the identity of the girls who have been dismissed will be determined during the next few days.

WEEK OF PRAYER BY Y. M. C. A. MEMBERS

Rev. C. R. Brown of Oakland to Address Students at Stiles Hall.

BERKELEY, November 10.—Next week will be observed by the Young Men's Christian Association and Young Women's Christian Association of North America as the week of prayer. The University associations will hold daily meetings beginning Monday, November 10, and closing Friday, November 17.

One of these meetings will be a union meeting of both men and women and will be addressed by Rev. Charles R. Brown of Oakland. Considering the fact that Mr. Brown is just about to leave for Harvard where he is to deliver a series of lectures and that he has recently been compelled to decline all invitations to speak, the associations feel very fortunate in being able to offer this opportunity to the students of the University. This meeting will be held Tuesday at 4:15 at Stiles Hall. Mr. Brown's subject will be "The Common Sense Idea of Prayer."

NEW YORK, Nov. 10.—Grover Cleveland, who was to have spoken at the Princeton Alumni dinner in East Orange N. J., last night, was unable to attend and sent the following letter, which was read: "There has never been a time in our national life when public duty and public service, as well as the obligations of judicial position, called more loudly for the direct interposition of the steady and conservative strength of university and college training."

"In emergency those who have been favored with the teachings and influence of Princeton should be neither blind nor deaf. ERECTS A MONUMENT TO HIS FRIEND, THE DEVIL

Aged Man Has Statue of Satan in His Front Yard; Police Guard it From Mobs.

DETROIT, Mich., Nov. 10.—Two Detroit policemen last night assumed the unique duty of taking up their station as guards at the site of a monument to Satan. The monument is fourteen feet in height from the foundation to crown, a horned figure, purporting to be Satan, shown in a stooping position behind a pulpit. The grotesque affair created a sensation when unveiled in the front yard of Herman Monz, a contracting stone mason, at 365 Stanton avenue, and last night a mob of boys gathered around it and began a bombardment of stones that threatened its destruction. The two po-

licemen finally dispersing the crowd and standing guard to prevent further attacks. Explaining his action in erecting the monument, Mr. Monz said that he did not believe a word of the Bible, but that "He is my friend," declared the old man, pointing up at the image. "He spoke the first and last truth." Around the neck of the statue when it was unveiled was a ribbon of United States flags. Clergymen and city officials have been interviewed regarding the extraordinary action of Mr. Monz, but no conclusion has been reached as to whether his monument can or should be made the object of official action to secure its removal.

Jose Railway, popularly known as the "Key Route," has decided to issue a second mortgage bond to the amount of \$1,500,000 to make some very important extensions and to add to the equipment which will largely increase the earnings of the company. Few companies in the United States have had the success which has attended the Key Route; the service has been almost perfect and the public has appreciated it. The company was able to pay dividends the first year of its operation. The surplus for the year ending October 31, 1905, was \$139,735. The new bonded indebtedness will amount to \$1,500,000, and the annual interest charge thereon will be \$75,000. The surplus earnings at this time are nearly double the interest charge on the new bonded indebtedness. The extensions of the company will add largely to the income and augment the surplus. The total bonded indebtedness of the company will be \$4,500,000, there being

\$3,000,000 first mortgage and \$1,500,000 second mortgage bonds. The total value of the property of the company, when the proceeds of the second mortgage bonds have been invested, will be \$7,200,000, this valuation being based on actual property owned, exclusive of the various valuable franchises owned by the corporation.

THE SENSES OF THE WORD.

"She is a lady in every sense of the word," exclaimed Blitkins. "Then she is the most remarkable woman that ever lived," replied Johnson. "What do you mean?" asked Blitkins. "Yes; but not in every sense of the word. For instance, if the woman is what you say, she is not only a woman of good family or of good breeding and refinement, but she is also, according to the Century Dictionary, a sweetheart (local United States); a state measuring about sixteen inches broad by ten long; the encephalic apparatus in the carapace part of the stomach of the lobster; the function of which is the trituration of food. And if she is all that, her fortune is made in the museum line." After that it was noted that Blitkins usually pruned down the remark to "she is a lady," simply.—New Orleans Times-Democrat.

MR. CAPWELL'S LETTER.
EDITOR TRIBUNE—I observed in your editorial of the Chamber of Commerce last night, which, by the way, I consider a very excellent article, written in the right spirit, that you have given prominence to my name in connection with this organization. You are right in saying that I have for some years been anxious for the formation of just such a body. I have felt that one large organization calling for the support of every man interested in the welfare of Oakland would be a great benefit to us. I still feel that this is true, and sincerely hope the present movement will be crowned a success.

While I have been connected with the Merchants' Exchange and the Board of Trade for a number of years, you are in error in stating that I have been the president of the Merchants' Exchange. I have never had the honor, but have been pleased in the past to serve as a director. I feel that I have done my full share in the two merchant organizations which are here, and I want it distinctly understood that I have no desire, nor will I accept any office in the new Chamber of Commerce about to be formed. I will, however, be very glad to give time and means to make it a success. Yours very truly,
H. C. CAPWELL.

LARGE MEETING.

There is every indication that the meeting tomorrow night will be largely attended and that much interest will be taken in the new organization. The merchants are active and propose to make the organization a large success.

ELECTION PROJECT BEING COMPLETED

ST. PETERSBURG, November 10.—A project for the introduction of elected members to the Council of the Empire, or the upper chamber of the Russian Parliament, which was part of Count Witte's original program as approved by the Emperor, has been completed, but it has not yet been finally approved. According to the project, half the membership of the council will be elected, and the other half appointed by the Emperor. The system of election will be the same as that for candidates to the duma, or lower chamber, but the qualifications will be much higher. The candidates must be 40 years of age, must be qualified electors or owners of a certain amount of land, or have served fifteen years in an elective office, or be marshals of the nobility, or have held offices equal to the fifth rank of the hierarchy. It is possible that the new decision granting universal suffrage for the duma may result in lowering the suffrage qualification for membership in the Council of the Empire.

NAVAL OFFICIAL IS EXONERATED

NEW YORK, November 10.—Lieutenant C. P. Nelson, U. S. N., has been officially exonerated from blame in the case of the collision on February 8, 1904, between the torpedo boat Winslow, which he then commanded, and the ferryboat America of the Grand street line. The accident occurred in the East River, both vessels being damaged, but no one was injured. A court of inquiry recommended that Nelson be reprimanded for "culpable negligence and inefficiency," and reduced three numbers on the list of Honorable Discharge. A reconsideration of the case has resulted in an order containing a full and complete pardon and restoring his name to its original place on the navy list. The document is signed by the President.

FISHERMEN ARE ARRESTED

RICHMOND AUTHORITIES ARE WATCHING FOR THE OFFENDERS.

RICHMOND, November 10.—Three piscatorial hunters from sunny Italy, by name Joe Perengello, Angelo Herlo and Francisco Tavasaro, were caught red-handed Tuesday night by Deputy Fish Commissioners Thomas Wood and A. F. Macdougall with a large quantity of undressed bass in their possession which they had taken from the water of San Francisco Bay off Point Potrero with a net of exceedingly small mesh. The fishermen were arrested by the deputies and taken before the local justice of the peace on a charge of taking striped bass of less than three pounds weight.

Thursday they were arraigned in court and Joe Perengello, who was captain of the smack and employer of the other two men, was fined \$35, and his companions were fined \$25 each. The fines were paid by Perengello and the boats crew were all discharged from custody. The fish commissioners and their deputies are having a great deal of trouble with fishermen in this locality. They are continually violating the law by taking undersized fish. They are disposed of in the markets of San Francisco and to the hotels and restaurants, the two latter not being over particular as to what they buy in this line, particularly if they can be purchased at reduced rates.

NEW BANK.

Richmond is to have a new bank. Joe S. Iverson of Oakland and A. F. Horton of San Francisco are here and will open for business in the new Johnston Building on Macdonald avenue in the room occupied by Geo. C. Henley.

The new concern is to be known as the Iverson Banking Company, with Joe S. Iverson as president and A. F. Horton as secretary and cashier. The corporation is close, there being no stock for sale. Later hereafter conduct that establishment. He has associated with him a Mr. Mallory. The new lessees of the S. P. Hotel expect to conduct a first-class house and will do all in their power to make their guests comfortable.

WILL BUILD.

Wm. Critchton, owner of the Yesle Building destroyed by fire on October 25, has about decided to rebuild a two-story brick building the full size of his lot. It is said a local merchant is going to take the lease on the lower part of the building and the upper portion will be used for offices.

Further details of Mr. Critchton's plans are not known at present, but it is thought the building will surely be constructed.

SHOOTING RESERVE.

W. G. Soto and Antonio E. Rose of San Pablo have leased the old San Pablo shooting preserve and will open it today under the name of the Aloha Gun Club. These gentlemen are two of the oldest members of the old San Pablo Gun Club and they know just what is required to make the venture popular with the sportsmen and will spare no pains to that end.

The shooting box has been fitted up in first-class style and the best of everything will be served to patrons. Persons desiring a day of excellent sport can find it on the Aloha Gun Club's preserve.

SNEAK THIEVES BUSY.

Out on Park avenue sneak thieves are annoying people. Until life is almost a burden to the average householder. Tuesday Mrs. J. C. Ough left a fine pair of blankets hanging on the back of the back of the house and in the morning they were gone. This is only one of a dozen or more thefts that have occurred in that locality within the past few weeks and the people in that part of town are now endeavoring to devise some plans whereby the guilty parties may be brought to justice.

BRIEF ITEMS.

Electrician Charles Concanon is down from Black Diamond visiting friends. It is stated that Charles has aspirations to step into the position of manager of the local telephone system in the place of G. W. Topping, who resigned. Then there are others who have the same desire.

R. H. Curry is down from the Geysers on a visit to friends in this city and to look after his property interests here. Mr. Curry says the past season was a poor one for summer resorts all over the State and the Geysers suffered along with the rest of them. The slump in patronage from summer boarders was due to the Portland fair.

MAN OF WEALTH MISSING

POLICE PUZZLED BY HIS STRANGE DISAPPEARANCE IN NEW YORK.

NEW YORK, Nov. 10.—In spite of an exhaustive search continued yesterday for John W. Tisdale, a wealthy Western mineowner who disappeared from the Hotel Seville Monday noon, no trace of him was found. So alarmed has his wife become that her condition is regarded as critical.

Despairing of obtaining a clue in New York, W. W. Corlett, Mr. Tisdale's stepson, left for Boston yesterday, where the missing man had planned to go on the night he disappeared, to attend a meeting called for Tuesday morning by the directors of the Alaska, Sitka and Mining Company, of which Mr. Tisdale is president.

General Charles L. Wilson, who has known Mr. and Mrs. Tisdale for years, is at a loss to clear the mystery.
